| Dates | Day | Module | Topic | Activity | Assignment | Release date | Due date |
|---------------------------------------|-----|-----------------------------------|--|----------------------|----------------------------------|--------------|-----------------|
| | М | | Introduction, class logistics, overview of the modern data science landscape | Lecture | Set up CyVerse & GitHub accounts | Aug 26 | Aug 3 |
| | W | | Initial overview of CyVerse, GitHub, and VSCode | Lecture/Hands-on | | | |
| Week 1 (Aug 26-31) | F | | Getting started with python and git - pt 1 | Hands-on | git practice | Aug 30 | Sept 6 |
| | М | | Labor Day Observed | Break | | | |
| | W | Course introduction and | Getting started with python and git - pt 2 | Hands-on | | | |
| Week 2 (Sep 2-6) | F | computing environment setup | Assignment: basic python exercises | Lab | basic python exercises | Sept 6 | Sept 13 |
| | М | | The scientific python ecosystem: numpy & matplotlib | Lecture/Hands-on | | | |
| | W | | Getting started with numpy | Hands-on | | | |
| Week 3 (Sep 9-13) | F | | Getting started with matplotlib | Hands-on | basic numpy exercises | Sept 13 | Sept 20 |
| | М | | numpy and matplotlib pt 2 | Hands-on | | | |
| | W | Foundations of scientific | Statistical analysis with python: scipy | Lecture/Hands-on | | | |
| Week 4 (Sep 16-20) | F | computing with python | Assignment: Scientific python & data analysis | Lab | scientific python exercises | Sept 20 | Sept 27 |
| | М | | Datasets for humans: Beyond raw arrays | Lecture | ., | | |
| | W | | Introduction to tabular data & pandas | Hands-on | | | |
| Week 5 (Sep 23-27) | F | | Basic timeseries analysis | Hands-on/lab | basic pandas exercises | Sept 27 | Oct |
| | М | | Exploratory data analysis and data repositories | Lecture | verde river forecast 1 | Sept 30 | Oct |
| | W | | Scraping data via web requests | Hands-on | | | |
| Veek 6 (Sep 30-Oct 4) | F | | Day of remembrance for Thomas Meixner | Break | | | |
| week 0 (3ep 30-0et 4) | M | | Geospatial data analysis and representations | Lecture | | | |
| | W | | Introduction to vector data and geopandas | Hands-on | | | |
| Week 7 (Oct 7-11) | F | | Assignment: geopandas exercises | Lab | geopandas exercises | Oct 11 | Oct 1 |
| Week / (OCL 7-II) | М | | Overview of modern geoscience python stack | Lecture | geoparidas exercises | Oct 11 | Oct |
| | W | Modern geoscience python data | Introduction to raster data and xarray | Hands-on | | | |
| Wook 9 (Oot 14 19) | F | stack and advanced datastructures | | Lab | varray avaraigas | Oct 18 | Oct 2 |
| Week 8 (Oct 14-18) | М | datastructures | Assignment: xarray exercises | Virtual | xarray exercises | | Oct 25 in class |
| | | | Out of office: Principles of data visualization | | good plot/bad plot (extra cre | Oct 14 | Oct 25 in class |
| \\\ \ \ \ \ \ \ \ \ \ \ \ \ \ \ \ \ \ | W | Data davaliantian | Customizing your matplotlib figures | Hands-on | | | |
| Week 9 (Oct 21-25) | F | Data visualization | Good plot/bad plot | Discussion | | | |
| | М | | Beyond notebooks: scripts & modules | Hands-on | verde river forecast 2 | Oct 28 | Nov |
| | W | | Building command line interfaces | Hands-on | | | |
| Week 10 (Oct 28-Nov1) | F | Tooling and workflow managemen | nt Assignment: Forecast generator | Lab | | | |
| | М | | Overview of Earth data repositories | Lecture | climate trend analysis | Nov 4 | Nov 1 |
| | W | | Working with data on the cloud | Hands-on | | | |
| Week 11 (Nov 4-8) | F | Data atlas | Assignment: Analyzing climate trends | Lab | | | |
| | М | | Veterans Day Observed | Break | | | |
| | W | | Writing clean code | Lecture/Hands-on | | | |
| Week 12 (Nov 11-15) | F | | Environment management with conda | Hands-on | | | |
| | M | | Hosting websites with GitHub pages | Hands-on | deploying your simple websi | Nov 18 | Nov 2 |
| | W | | Automating workflows with GitHub actions | Hands-on | | | |
| Week 13 (Nov 18-22) | F | | Building a data story 1 | Lab | data story | Nov 22 | Dec |
| | М | | Building a data story 2 | Lab | | | |
| | W | | Thanksgiving Break | Break | | | |
| Week 14 (Nov 25-29) | F | Other stuff you should know | Thanksgiving Break | Break | | | |
| | М | | Generative AI tools | Lecture/Hands-on | Show and tell | Dec 2 | Dec 6 in class |
| | W | | FAIR and CARE Principles | Lecture & discussion | | | |
| | | | · | | | | |
| Week 15 (Dec 2-6) | F | | Show and tell | Discussion | | | |
